LEATHER-LINE

Tierwohl ist uns ein großes Anliegen – weswegen alle Produkte der LEATHER-LINE vegan sind. Angefangen von edlen Ledernarbungen, über besondere Ziernaht-techniken bis hin zu exotischen Reptiliendekoren – der Unterschied zu Echtleder ist nicht erkennbar.

Animal welfare is very important to us - which is why all LEATHER-LINE products are vegan. Starting with fine leather grains, through special decorative stitching techniques to exotic reptile decorations - you cannot notice the difference to real leather.
